2. Policy Principles

2.1. The principles guiding this Policy are:

1. Equity/fairness- decisions are made fairly and consider relevant circumstances consistent with the policy eligibility requirements;
2. Transparency- both Students and staff act transparently with regards to academic consideration applications, supporting documentation and outcomes;
3. Timeliness- Students must make applications within set time limits and UOW College Administration staff will assess the application within specified timeframes;
4. Evidenced based decisions will be based on evidence provided by Students;
5. Proportionate- applications will be assessed relative to the duration of the extension and/or consideration;
6. Right of appeal- Students have the right to appeal academic consideration decisions via the *Student Grievance and Appeals Policy* and *Student Grievance and Appeals Procedure*;
7. Attainment of Learning for **Academic and ELICOS** Students- To pass subjects, Students must demonstrate that they have achieved the learning outcomes specified in the Subject Outline, regardless of whether academic consideration has been granted;
8. Attainment of Competency for **Vocational** Students- To be deemed competent in a unit of competency, a Student must meet all the knowledge and skills requirements of the Unit, regardless of whether academic consideration has been granted.

3. Submitting an Application for Academic Consideration

3.1. Applications for academic consideration **for Academic and ELICOS Students** may be submitted where the:

1. Assessment task is worth five (5) per cent or more of the total assessment for the subject concerned; or
2. Assessment task that is worth less than five (5) per cent of the total assessment for the subject concerned, and the Subject Coordinator has specified in the relevant Subject Outline that Students must lodge an application for academic consideration.

3.2. Applications for academic consideration for **Vocational Students** may be submitted where the:

1. Student is unable to meet the deadline for assessment submission as stated in Section 5; and/or

2. The Student has missed a workplace-based subject component and/or clinical or teaching practicum (i.e. a subject taught in conjunction with a third party), and the placement conditions allow for rescheduling.
- 3.3. For assessment tasks to which the academic consideration process does not apply, Students who are affected by unforeseen adverse circumstances should contact their Subject Coordinator or Vocational Program Manager (VET Students only) directly.
- 3.4. Academic consideration may only be granted on the basis of compassionate, compelling and/or extenuating circumstances, where those circumstances:
 1. Are beyond the Student's control, not due to their action or inaction, and could not have been reasonably foreseen or avoided; and
 2. Significantly affects a Student's ability to meet the requirements of a subject's teaching, learning and/or assessment tasks as defined in the Subject or Unit Outline.
- 3.5. Requests are based on an event and may apply to multiple subjects. The maximum length of consideration for a single event is limited to seven (7) days. Where further time is sought, Students must re-apply subject to Clause 3.6 below.
- 3.6. Students must apply before, or on the assessment(s) due date. Where evidence is required, Students must provide evidence no later than three (3) working days after the assessable item's due date for their request to be considered.
- 3.7. Evidence requirements are outlined in Section 4. Students must comply with the documentary evidence requirements as detailed in Section 4 and Schedule 1.
- 3.8. Students cannot apply for academic consideration for an exam or assessment task after completing and submitting that exam or assessment task. Where a Student has commenced an exam and had to leave before completion due to illness, they must inform the examiner immediately and may still apply for academic consideration in line with all conditions outlined in this Policy.
- 3.9. Exceptions will be dealt with on a case-by- case basis where it is clear that Student was unfit to make reasonable judgement in their fitness to undertake the assessment, due to mental illness or other extenuating circumstances, and this is supported by the Subject Coordinator or Vocational Program Manager.
- 3.10. Requests for academic consideration will be reviewed by the UOW College Administration team based on the eligibility requirements. The Administrative team will make determination of eligibility based on if the circumstance and evidence meet the Policy requirements.
- 3.11. Where an eligible academic consideration request is submitted in line with Clause 4.3 and Clause 4.4, the Subject Coordinator, Vocational Program Manager or Vocational Trainer will determine the appropriate outcome and type of consideration to be applied as outlined in Section 7.
- 3.12. In deciding whether to grant a request for academic consideration, and in deciding what form of academic consideration, if any, may be appropriate, regard is given to:

1. Whether the academic consideration sought would compromise the learning outcomes of the course or subject;
 2. Whether the circumstance significantly impacts the Student's ability to meet the requirements of a subject's teaching, learning and/or assessment tasks as defined in the Subject or Unit Outline; and
 3. Whether the Student complied with timeframes for submission of their application and documentary evidence or had extenuating circumstances for not doing so.
- 3.13. Students who experience three (3) or more adverse events in a session for which they have applied for academic consideration, or where the circumstance is of a more serious or long-term nature, will be referred to a Student Advisor for advice or referral to support services by the Student Services Manager. UOWCA will not determine any further application for academic consideration until the Student has met with a Student Advisor.
- 3.14. While Students may request a particular type of consideration during their application, Academic or Vocational staff may determine that an alternative form of consideration is more appropriate to meet the criteria in Clause 9.2.
- 3.15. In the event of a high-risk incident, an authorised UOWCA staff member may manage the academic consideration application process on behalf of a Student or group of Students.
- 3.16. Guidelines and Procedures for using and applying this Policy correctly are available for Students online, and for Academic, Vocational, and professional staff via the UOWCA or UOWGE Intranet.

 2. The duration of the request does not exceed three (3) calendar days;
 3. The circumstances meet the Policy requirements; and
 4. The request is made at least one (1) day before the assessment deadline.

- 4.5. Students must comply with the documentary evidence guidelines for Medical and Non-Medical grounds as outlined in Schedule 1.
